TO BE COMPLETED BY PARENT/ GUARDIAN:

The sport of rowing poses significant risks to the participant because most activities occur in, on or around water. These risks include, but are not limited to, expected and unexpected immersion into cold water as a result of boat flipping, collisions with other boats, being involuntarily removed from a boat as a result of an oar's momentum (crabbing), falling off of the docks, authorized and unauthorized swimming, changing weather conditions, or other occurrences.

Although all practices and regattas are supervised, from time to time a boat may be temporarily out of a coach's line of sight due to an irregular shoreline, race day procedures, or other conditions. Therefore, a coach or launch may take a few moments to several minutes to reach a boat or rower in need of assistance. Intended or accidental immersion into cold water can occur at any time. Participants must be competent swimmers for their safety. **I certify that my child is a competent swimmer and is able to meet the standards of the HHI Crew/Palmetto Rowing Club Swim Test.**

The following resources: Athlete Code of Conduct and HHI Crew Handbook which includes but is not limited to Safety, Travel, Attendance, Regatta, Policies and Procedures; all registration forms and medical authorization to treat have been made available for each athlete and family. **I certify that it is my responsibility to read and understand these documents.**

I hereby grant permission for the above named athlete to participate in all rowing activities including but not limited to: regattas, practice and training sessions conducted by and/or participated in by the HHI Crew or the Palmetto Rowing Club from the _____ day of _____, 20____ until registration for the next rowing season.
